## ABOUT US.

---

AS Colour designs and manufactures quality basics. We believe in taking our time with every product we make. We only design and produce premium apparel that will stand the test of time.

AS Colour is guided by three key principles:

Quality is key.

Respect the details.

Keep it simple.

## FIT, FABRIC, FINISH & FACTORIES.

---

What makes AS Colour different? It all starts with F: Fit, Fabric, Finish and Factories.

### FIT

Throughout our design and sampling process we scrutinise every dimension and detail. That's how we make sure all of the garments we produce are timeless and always fit like they should.

### FABRIC

Our production process begins with sourcing the highest quality yarn. We don't buy pre-made fabric off the open market. We pay attention to the entire textile process so that the end garment holds its shape and is built to last.

### FINISH

We keep a close eye on every step in our intensive production process. Because of our close involvement in quality control, we are able to produce garments with a finish recognised as one of the best print faces on the market.

### FACTORIES

We work closely with each of our factories providing them with regular production orders and consistent pricing. We require periodic audits to ensure all our factories meet our labour and production standards. This allows our customers to feel assured about how we do business and how our products are made.

## OUR RANGE.

---

### T-SHIRTS / SINGLETS / TANKS / DRESSES

T-shirts are our first love. Because they are the beginning and the end of our business, we're constantly developing new ideas to push the boundaries of the humble t-shirt. We specialise in the highest quality combed cotton, fashion fits and other innovative fabrics. They're great on their own, but our t-shirts are also renowned as one of the best print surfaces available.

### SHIRTS

Our successful range of shirts has expanded beyond the timeless oxford style to include a lighter long sleeve shirt and a combed cotton polo shirt. The latest additions to our range are a short sleeve version of the oxford shirt, a brushed cotton shirt, and our first poplin shirt.

### SWEATSHIRTS

We know sweatshirts. That's why our extensive range is now one of the largest on the market. We make pullover hoods, zip hoods and crewneck sweats in a selection of fabric weights and contrast options in both cotton/poly fleece and French Terry, and we have recently added a premium zip hood and crew in a heavy 500 GSM 100% cotton French Terry.

### KNITWEAR

For our knitwear range, we worked with high end suppliers to develop a new merino long sleeve. Following the huge success of our unisex crew neck, we have introduced a women's v-neck knit, featuring knitted rib and fashion stitching details.

### JACKETS

As our love of details sees us developing increasingly complex ranges, we've ramped up our outerwear offering yet again. Our range now includes a rip-stop zip up windbreaker, a much anticipated bomber jacket and a winter puffer jacket. In keeping with all our products, we've focused on timeless shapes, simple design and quality materials.

### PANTS AND SHORTS

Our pants and shorts range now covers core chino styles, beachwear and track pants/shorts. The success of these styles has seen us push into women's offerings in peached cotton and French Terry fleece. The introduction of first kids/youth track pants and shorts has been well received.

### CAPS / HATS / BEANIES

Headwear is an ever growing category for us. The core baseball snapbacks are a perennial favourite and we've pushed beyond the bucket and five panel styles into lower profile snapbacks, truckers and the ever popular six panel Davie cap. Our beanie range is also expanding with three styles available.

### ACCESSORIES

Our popular underwear and sock offerings are expanding with the introduction of marle socks and new underwear designs. The success of the Mesh Belt has led us to introduce a leather option completing the belt range. Our bag range now includes a larger premium shopper, cylinder duffel, and our first backpack.

## CHILD LABOR FREE.

---

AS Colour is proudly certified Child Labor Free to Manufacturing level. Child Labor Free is a certification that independently inspects and analyses supply chains for the use of child labor.

Child Labor Free certification empowers consumers to recognise brands that do not use child labor and supports brands to ensure child labor does not exist in their supply chains. Child Labor Free is a certification mark that provides best assurance that the product or brand carrying the mark has met the required standard. For information please visit [childlaborfree.com](http://childlaborfree.com)

## SOCIAL RESPONSIBILITY.

---

At AS Colour we recognise our responsibilities to workers for the conditions under which our products are made. We only work with factories that can assure auditable standards of safe, fair, legal and humane working conditions. We work with great people and we care for their well-being, we care how we do business, who we do business with, and how people are treated. Ensuring we and our suppliers act responsibly and provide safe, fair, legal and humane working conditions is extremely important to us. We aim for transparency and traceability at all levels of our supply chain. All suppliers are required to map, track and monitor all locations in all levels of their supply chain and provide transparency information when we request it.

We believe that good workplace standards, decent health and safety requirements, fair pay and conditions, and care for the environment are important elements in business success. We value all of our employees, and set the same high standard for their working conditions as we set for the high quality of our products. We choose to work closely with fewer factories that we know well and all our factories get a regular order every six weeks, giving them certainty around work and income.

Our production standards are certified under our own Code of Conduct as well as by reputable international organisations. The factories we work with are audited by demanding third party inspection teams. If audits show corrective measures are required, we work with the factories and our certification providers to develop a corrective action plan and a timeline for follow-up audits. Through our Code of Conduct, we insist on fair, safe and healthy factory workplace conditions, we insist that factories pay their workers a legal minimum wage or better. Workers may voluntarily accept overtime work with pay at a premium rate, and workers have the right to join a union. We keep our production policies and Code of Conduct up to date and continually monitor our suppliers.

For information in more detail please visit our website's social responsibility page.

## 5001/5001B STAPLE TEE.

## OUR COLOURS .

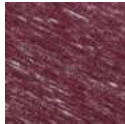

Most of our marle fabrics are a polyester/cotton blend where the fabric is dyed after it has been knitted. The polyester thread doesn't absorb the dye creating the marle effect.

With our 100% cotton marles the yarn is dyed first and afterward knitted into fabric with a contrasting yarn to create the marled look.

## OUR FABRICS.

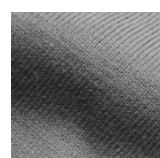

Our unique production process involves not only cut and sew but also the manufacture of textile yarn, meaning that our suppliers are not buying fabric off the market.

Although this lengthens our production timeline it is essential to ensure consistent high quality output for our customers.

## FABRIC KEY.

	Light Weight		100% Cotton		Premium		Water Resistant
	Mid Weight		Blended		Durable		Sheer
	Heavy Weight		Organic		Stretch		Leather

## T-SHIRTS / SINGLETs / TANKS / DRESSES.

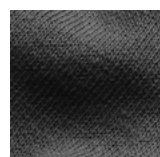

### COTTON COMBED

100% cotton  
Weights (GSM): 150, 160, 180, 220  
Details: Fine weave, long fibres, ideal for printing

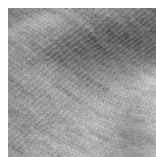

### ORGANIC COTTON COMBED

100% cotton  
Weights GSM: 150  
Details: An eco-friendly organic cotton grown without the use of herbicides or pesticides

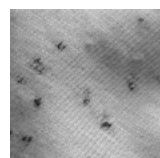

### COTTON CARDED

100% cotton  
Weights (GSM): 200, 220  
Details: Fine top layer of the cotton is not shaved off, made from shorter fibres

### COTTON/POLY BLEND

65% cotton, 35% polyester  
Weights (GSM): 150  
Details: Blend of cotton and polyester fibres provides a marled look

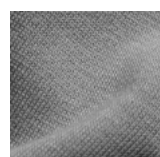

### COTTON NATURE YARN

100% cotton  
Weights (GSM): 160  
Details: Mottled look created from three different colours of yarn knitted together

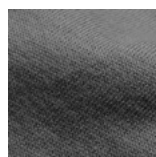

### COTTON RIB

100% cotton  
Weights (GSM): 190  
Details: Superfine 1x1 gauge rib

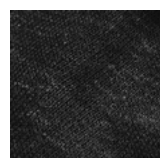

### MODAL

100% modal  
Weights (GSM): 140  
Details: Beech tree bark spun into a sheer yarn

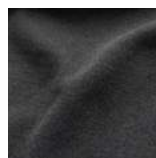

### MODAL/COTTON BLEND

50% modal, 50% cotton  
Weights (GSM): 140  
Details: Modal blend with a soft feel

### VISCOSE/LINEN BLEND

85% viscose, 15% linen  
Weights (GSM): 130  
Details: Breathable, silky finish

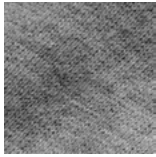

### POLYESTER/NYLON BLEND

55% polyester, 45% nylon  
Weights (GSM): 150  
Details: Breathable, quick drying, jacquard knit detail

## SWEATSHIRTS.

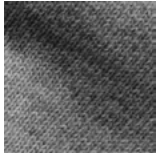

### COTTON/POLY FLEECE

260 GSM is 60% cotton, 40% polyester  
350 GSM is 80% cotton, 20% polyester  
Weights (GSM): 260, 350  
Details: Anti-pill fleece

### COTTON/POLY FRENCH TERRY FLEECE

75% cotton, 25% polyester  
(non-marles 100% cotton)  
Weights (GSM): 260, 320  
Details: Anti-pill loopback fleece

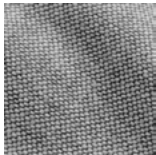

### COTTON FRENCH TERRY FLEECE

100% cotton  
Weights (GSM): 500  
Details: Anti-pill loopback fleece

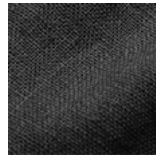

## SHIRTS.

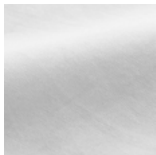

### COTTON OXFORD

100% cotton  
Weights (GSM): 145, 160  
Details: Basket weave cotton, tight gauge, durable

### LINEN/COTTON BLEND

55% linen, 45% cotton  
Weights (GSM): 135  
Details: Plain woven fabric, medium gauge

### POPLIN COTTON

100% woven cotton  
Weights (GSM): 110  
Details: Lightweight, plain weave tight gauge

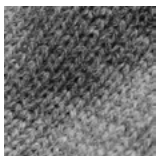

### BRUSHED/WOVEN COTTON

100% brushed/woven cotton  
Weights (GSM): 220  
Details: Plain woven, brushed fabric, tight gauge

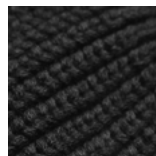

## KNITWEAR.

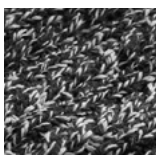

### ACRYLIC KNIT

100% acrylic  
Weights (GSM): 68  
Details: Rib-knit

### COTTON KNIT

100% cotton  
Weights (GSM): 85  
Details: Fisherman rib-knit

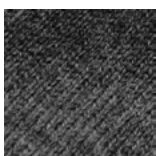

### WOOL/ACRYLIC KNIT

50% wool, 50% acrylic  
Weights (GSM): 80  
Details: Australian wool blend, cable knit

### MERINO

100% merino wool  
Weights (GSM): 180  
Details: New Zealand merino wool, breathable

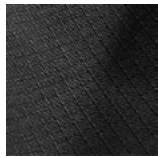

### WOOL/NYLON KNIT

60% wool, 40% nylon  
Weights (GSM): 275, 385  
Details: Australian wool blend, jersey knit

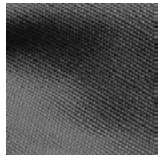

## JACKETS.

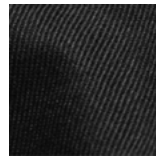

### POLYESTER RIP-STOP

100% polyester  
Weights (GSM): 90  
Details: Rip-stop structure, water resistant

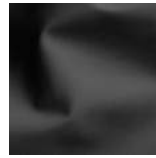

### COTTON WAXED

100% cotton  
Weights (GSM): 260  
Details: Waxed finish, water resistant

### COTTON DRILL

100% cotton  
Weights (GSM): 310  
Details: Strong bias in the weave

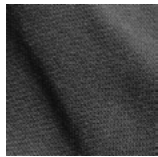

### NYLON

100% nylon  
Weights (GSM): 70, 90  
Details: Water resistant, smooth finish, available with a down/feather inner

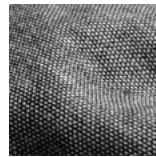

## PANTS / SHORTS.

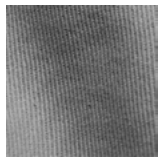

### POLYESTER

100% polyester  
Weights (GSM): 110  
Details: Quick drying

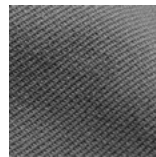

### COTTON

100% cotton  
Weights (GSM): 130, 140 (peached)  
Details: Cotton poplin

### COTTON DRILL

100% cotton  
Weights (GSM): 300  
Details: Drill weave, no stretch

### COTTON/ ELASTANE DRILL

98% cotton, 2% elastane  
Weights (GSM): 250  
Details: Small amount of stretch, smooth finish

## SOCKS / UNDERWEAR.

### WOVEN COTTON

100% cotton  
Details: Woven, soft finish, elastic waistband

### COTTON JERSEY

100% cotton  
Details: Ribbed knit, soft finish, elastic waistband

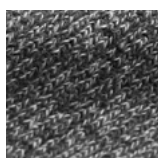

### COTTON / NYLON BLEND

78% cotton, 17% nylon, 5% elastane  
Details: Cotton blend, ribbed knit

### COTTON / NYLON BLEND

90% cotton, 7% nylon, 3% elastane  
Details: Cotton blend, flat knit and double sole

### COTTON / NYLON BLEND

82% cotton, 15% nylon, 3% elastane  
Details: Cotton blend, ribbed

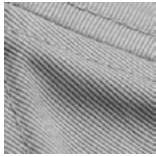

### COTTON / POLYESTER BLEND

75% cotton, 22% polyester, 3% spandex  
Details: Cotton blend, stretch knit

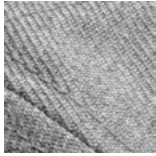

## CAPS / HATS.

### COTTON

100% cotton

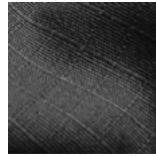

Details: Drill weave, smooth finish, combined with a polyester mesh back on our Trucker caps

### ACRYLIC/WOOL BLEND

80% acrylic, 20% wool

Details: Drill weave, brushed finish

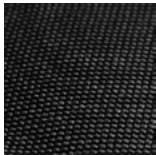

### COTTON RIP-STOP

100% cotton

Details: Rip-stop structure, durable

## BAGS.

### POLYESTER

100% polyester

Weights (GSM): 400

Details: Water resistant, heavy 600D

### COTTON CANVAS

100% cotton

Weights (GSM): 320

Details: Plain weave, durable

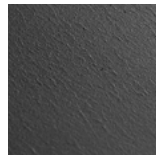

## BELTS.

### ELASTIC CORD

100% plaited elastic cord

Details: Generous amount of stretch, durable

### LEATHER

100% leather

Details: Durable

## PRINTABILITY. \_\_\_\_\_

The type of fabric you choose for your garment is not only important for the feel and look, it can make a big difference to the way it screen prints too. AS Colour specialises in fine combed cotton fabrics, which are designed specifically to screen print better than basic carded or uncombed cotton. Combed cotton has more of the fibre removed in the knitting process, which means printing inks sit much more cleanly on the face of the shirt after printing.

A better fabric can mean the difference between an average screen print and a great one. Combed cotton is also much better for new techniques like direct to garment (DTG) inkjet printing. Producing combed cotton garments is a more involved process and does cost more, but AS Colour is all about providing the very best blank canvases for you to print your ideas on.

## RELABELLING SERVICE. \_\_\_\_\_

Relabelling is a great way to add extra value to your product. It allows you to create the full branded package for your label by adding your logo, website details or product text to the tag of your garments.

Our relabelling service is in house ensuring high quality and a quick turn-around on all orders. Once your order is placed we will give you an estimate on when relabelling will be completed. All relabelling must be completed before orders are shipped out as we don't relabel garments once they have been printed. We can use the existing care labels in many of our garments for sizing, country of origin and care details. All labels must be supplied cut, not in a roll, and with both loop folds and end folds. We are happy to hold your label stock ready for use.

### Relabelling Options

## LITTLE HELP PROJECT. \_\_\_\_\_

The Little Help Project is an annual t-shirt design competition and online retail store for emerging creatives. Now running for 7 years, the project began as a way to give artists the means to get their designs to print - and what better platform for your work than a t-shirt.

Artists submit designs, the AS Colour team chooses the finalists which are printed and sold in stores and online for the contest period. Each of the finalists profit handsomely for their designs, and the overall winner also takes home a large cash prize.

The competition is open to everyone and is free to enter. Each artist that is chosen as a finalist receives \$5 NZD for each t-shirt printed. The winner of the Little Help Project will additionally receive a grand prize of \$5,000 NZD.

## COLLAB T-SHIRT SERIES. \_\_\_\_\_

The Little Help Project Collab series is an extension of our annual t-shirt design contest, featuring prints from established names in the design world along with previous Little Help Project finalists. Look out for a mix of old favourites and fresh talent including some international names.

Our goal is to assemble an elite crew of amazing designers who will constantly be adding in fresh work. All designers receive royalties for each t-shirt printed so by purchasing a Collab Tee you're helping support creative talent.
